Department of Health Services Children's Medical Services Network (CMS Net) - Information Bulletin # 20

The April change cycle was successfully completed on April 13, 2002. The following items were included in the April release. Please call the CMS Net Help Desk (916) 327-2378 or (866) 685-8449 if you have questions. CMShelp@dhs.ca.gov is a new email address for submitting requests to the CMS Net Help Desk. This centralized email address can be used to direct requests to anyone supporting the help desk. Thank you for your patience with our monthly update cycles!.

- 1) Relocate Medical Report Request & Medical Report Received: Move the Medical Report Request & Medical Report Received options from the Eligibility Menu to the Event Tracking Menu.
- 2) Patient ID Multi-search Field: Add ability to search for patient records on the Patient ID screen using a combination of search fields, specifically Name and DOB.
- 3) Eligibility Menu: Activate menu items for MEDS Inquiry and Insurance/ Other Coverage on the Eligibility Main Menu so that user is sent to roll and scroll function if selected.
- 4) Enrollment Fee Income Chart Update: Update CMS Net with the revised Family Size and Annual Income Level Chart used to calculate the Federal Poverty Level for Enrollment & Assessment Fees (effect. 4/1/02)
- 5) Correction to all Program Eligibility tickler processes.
- 6) Enhance retrieval of MEDS insurance information for Registration.
- 7) Pending Eligibility: Removed INCOME UNDER 100% FPL from "Reason Not Referred" picklist.
- 8) Correction to delete Medi-Cal number from Patient Registration Face Sheet if Medi-Cal Number is removed from Ins/Other Coverage.
- 9) Paneling & Approvals: Add help message text to Paneling and Approval screens.
- 10) Log-on screen: Add message to the Log-on screen to notify users of release update information.
- 11) Correction of program error <UNDEFINED>CNT+3^NTEN that occurred on the Narrative Entry/Edit screen after reviewing Paneling & Approvals screens.
- 12) SCI 101 Transaction: Enhance search possibilities on SCI Inquiry.
- 13) Patient Reg Face Sheet & Residential Worksheet: Add functionality to restrict users from entering invalid characters in the address fields on the Patient Registration Face Sheet and Residential Worksheet.
- 14) Vendor Registration: Change the CGP # field in Vendor Registration to an optional field rather than a required field.
- 15) Correction to program error <SUBSCRIPT>ED+8^NTEA occurring during generation of Application Status and Pending Elig letters.
- 16) Paneling and Approvals will be updated on a daily basis.
